

FUTRUS[®] IMAGE HEADWALL SYSTEMS

FUTRUS® IMAGE HEADWALL SYSTEMS

Designed to conceal equipment and services behind customizable artwork, to help create a more relaxing patient environment.

Ideal for creating additional treatment areas throughout a facility when patient rooms are fully occupied and for providing a non-institutional patient environment.

The artwork panel is made from seamless, bleach cleanable Corian®, which is GREENGUARD certified to resist microbial growth to help reduce HAIs. The casing can be specified in a variety of materials to match interior finishes, including Corian®, bleach cleanable thermofoil, metal or laminate.

Available with vertical or horizontal slide options.
