FUTRUS® HALO WALL PROTECTION SYSTEM

AN ADVANCED, MODULAR WALL SYSTEM DESIGNED TO IMPROVE THE CLEANABILITY AND STERILITY OF HEALTHCARE ENVIRONMENTS

A unique, modular wall panel system, made with 100% Corian®. Designed to provide an unrivaled hygienic and impact resistant barrier of protection to any vertical area. Surfaces are non-porous, bleach cleanable, repairable and easy to maintain. Each panel is prefabricated using advanced digital technology to meet precise wall dimensions. Edge joints ensure panels fit precisely to create a virtually seamless surface with the option to hard seam.

- Corian® surfaces
- Impact resistant
- Bleach cleanable
- Resists scratching, staining & chipping
- Repairable
- Tongue & groove joints
- GREENGUARD® certified to resist mold & bacteria growth
- Quick & easy installation
- Available in all Corian® colors

STANDARD FEATURES

- Digital CNC panel production - Ensures each panel is consistently finished to the highest quality.
- Off-site pre-fabrication - Enables rapid installation to reduce downtime and lost revenue. Also reduces site disruption, debris and safety risks
- Multi-step surface finish - Provides a consistent matte finish, reducing glare and reflection.
- Lap joint edges - Allows for both soft seaming or hard seaming.

CUSTOMIZATIONS

- Customizable print options
- Lighting: Panels can be configured to accommodate surface mounted lighting
- Customized wayfinding, theming or branding
