FUTRUS® LINIA HEALTHWALL™

HORIZONTAL STYLE HEALTHWALL™ THAT ACCOMMODATES ALL SERVICES WITHIN A COMPACT DESIGN

Introducing a new generation of headwalls. Designed with seamless, bleach cleanable Corian solid surface to truly help protect the health of patients and caregivers from Hospital Acquired Infections (HAIs). Corian surfaces are Greenguard certified to resist the growth of bacteria, viruses and mold for superior infection control. They also resist scratching, chipping, peeling and impacts for greater durability. The streamlined, horizontal design features an integrated equipment rail and optional ambient lighting. Comes pre-piped and pre-wired for single point connection from behind the unit or above the ceiling when coupled with a chase. Optional services include fixed medical gas, standard and emergency power and communications all within a single rail, with or without a vertical service chase

OPTIONS

- Nurse call
- Medical gas outlets
- Monitor support
- Electrical & switches
- Data & communications

CUSTOMIZATIONS

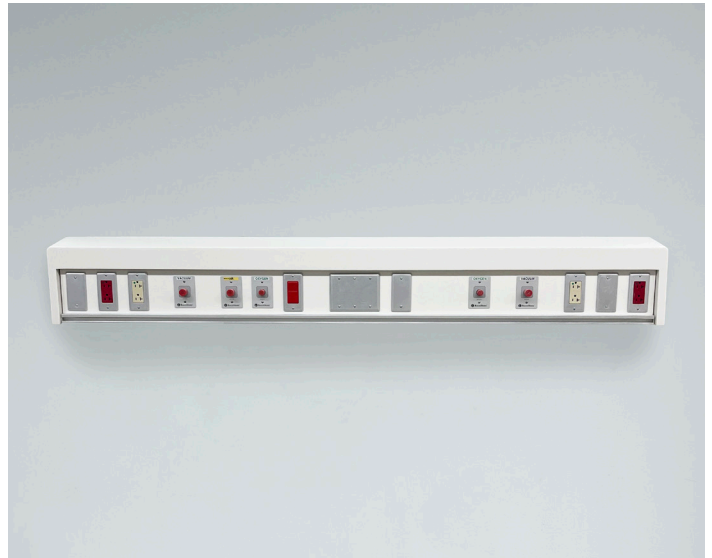

- Dye-sublimated images & patterns
- Ambient lighting
