Introducing a new generation of headwalls. Designed with seamless, bleach cleanable Corian® solid surface to truly help protect the health of patients and caregivers from Hospital Acquired Infections (HAIs). Corian® surfaces are Greenguard certified to resist the growth of bacteria, viruses and mold for superior infection control. They also resist scratching, chipping, peeling and impacts for greater durability. Healthwall panels are adaptable in multiple ways with images, patterns and backlighting to promote a calm, healing patient environment. Med gas and electricals can be reconfigured to suit caregiver needs. Featuring a patented structural rail system for easy panel attachment and removal during installation or maintenance. Comes pre-piped and pre-wired for single point connection from behind the unit or above the ceiling when coupled with a chase.

- Made with Corian®
- Bleach cleanable
- Seamless & nonporous
- Resists scratching, staining, chipping & impacts
