Designed to provide a far more durable and low maintenance alternative to traditional doors made of wood, laminate or stainless steel. The doors are made from Corian® which is seamless, bleach cleanable and GREENGUARD® certified to resist the growth mold and bacteria, making them ideal for healthcare and commercial environments. Connects to all Futrus® Casework Systems or is specifiable as a separate door system to elevate traditional millwork. Features patented embedded connections for maximum strength attachment and optional internal coved edges for greater cleaning efficiency. Available in standard or custom sizes, door pulls, surface finishes and colors to complement any design scheme.

- Made with 100% Corian®
- Bleach cleanable
- Corian® resists scratching, staining, chipping & impacts
- Seamless & nonporous
- GREENGUARD® certified to resist mold & bacteria
- Available in all Corian® colors
