FUTRUS® S-SERIES HEALTHCARE CASEWORK SYSTEM

AWARD-WINNING CORIAN SOLID SURFACE CASEWORK SYSTEM, DESIGNED FOR STERILE ENVIRONMENTS

Designed for environments requiring the highest standards of sanitation and sterilization. Featuring seamless, bleach cleanable Corian® solid surfaces, which are GREENGUARD certified to resist the growth of viruses, bacteria, and mold. Constructed using patented metal engineering techniques unique to Futrus, that eliminate traditional wood substrates for unrivalled structural and hygienic performance. This unique, modular system is fully adaptable by size, configuration, color and hardware to compliment any space and support end user needs. Featuring 316 stainless components for extra resistance to corrosion and high resistance to chlorides and acids. Ideal for sterile environments including laboratories, pharmacies, clean rooms, and decontamination zones.

- Made with 100% Corian®
- Bleach cleanable
- Seamless & nonporous
- Resists, scratching, staining, chipping & impacts
- Adaptable design
- Available in all Corian® colors
- GREENGUARD® Certified to resist mold, virus & bacteria growth
