FUTRUS® H-SERIES HEALTHCARE CASEWORK SYSTEM

AWARD-WINNING HYBRID CASEWORK SYSTEM FEATURING CORIAN SOLID SURFACE TOUCHPOINTS COMBINED WITH THERMOFOIL OR LAMINATE COMPONENTS

Designed for infection control, durability, and design adaptability. Featuring high touchpoint exterior surfaces made from bleach cleanable Corian® solid surface, which are seamless, non-porous and GREENGUARD certified to resist the growth of viruses, bacteria, and mold. Ensuring hygiene and easy cleanability where it matters most. Corian® surfaces also resist chipping, peeling, scratching, and staining for unrivalled durability. Base cabinet doors also provide impact resistance for greater life cycle. Interior casework components are available in laminate or thermofoil with a choice of colors and wood grain styles, providing greater design flexibility and a more budget friendly alternative to our C-Series all Corian® Casework System. This unique, modular system is fully adaptable by size, configuration, color and hardware to complement any space and support end user needs. Additional features include soft close doors and drawers. Ideal for exam rooms, general patient and hospital areas and long-term care.
