Introducing a new generation of headwalls. Designed with seamless, bleach cleanable Corian® solid surface to truly help protect the health of patients and caregivers from Hospital Acquired Infections (HAIs). Featuring a customizable artwork, made of Corian® solid surface that slides effortlessly to reveal medical gas and equipment when needed. Available as a complete solution with integrated med gas and electricals or as a sliding artwork to conceal pre-existing med gas and electricals. Supports a more welcoming and less clinical environment within VIP suits, long-term care facilities and birthing rooms. Can also be positioned throughout a facility, including waiting rooms and hallways, to create additional life-saving treatment areas during pandemics or emergencies. Available pre-wired & pre-piped for single point connection.

- Customizable Corian® solid surface artwork
- Bleach cleanable
- Flowmeters and regulators are included to ensure door closure
- Service area covers can be quickly removed for maintenance
- Finish overlaps drywall for convenient install
- Pre-wired and pre-piped for single point connection
- Can accommodate electrical devices in the panel
- Flip down vacuum bottle slide
- One handed horizontal or vertical movement
- Seamless & nonporous
- Resists scratching, staining, chipping & impacts
- Corian is GREENGUARD® certified to resist mold & bacteria growth
- 12 years parts & labor warranty
