Introducing a new generation of headwalls. Designed with seamless, bleach cleanable Corian solid surface to truly help protect the health of patients and caregivers from Hospital Acquired Infections (HAIs). Each modular panel has a 1" profile depth and is made from seamless, bleach cleanable Corian®, which is GREENGUARD® certified to resist virus, bacteria & mold growth. Corian® panels also resist chipping, peeling, scratching and denting for unrivaled durability. Existing med gas and electrical outlets can be integrated into each panel without costly reconfiguration. Features include a structural rail system for easy panel attachment or removal and lap joint panel edges to prevent liquid penetration. Fully customizable to meet any space, caregiver or patient requirement.

- Made with Corian®
- Bleach cleanable
- Seamless & nonporous
- Resists scratching, staining, chipping & impacts
- Adaptable, modular design
- Standard & custom table sizes
- Available in a range of Corian® colors
- GREENGUARD® Certified to resist mold, virus & bacteria growth
- 100% USA manufactured
