FUTRUS® INOXI SINK STATIONS

INTEGRATED STAINLESS STEEL KARRAN® SINK AND SOLID SURFACE COUNTER

The Inoxi Sink Station combines a stainless steel Karran® Edge Series Sink and Corian® solid surface counter into one seamless surface, creating a hygienic, durable and easy to clean solution for demanding restroom environments. The robust 18-gauge steel sink construction resists rust, corrosion and wear and is available in a range of shapes and sizes. While the acrylic counter delivers superior resistance to chipping, cracking, staining and impacts.

Bleach-cleanable, nonporous surfaces support the highest infection control standards and long-term durability. Advanced ADA compliant and fully adaptable by length, number of sinks and color. Ideal for high-traffic restroom applications including airports, healthcare and hospitality.

Key Features

- 18-gauge stainless steel sink
- 100% Acrylic solid surface counter
- Radius sink corners for easy cleaning
- Seamless & nonporous surfaces
- ADA compliant
- Anti-splashback slope
- Range of sink shapes, sizes & drain locations
- Available in all solid surface colors
- Pre-drilled fixture locations
- Customizable lengths
- Mounting brackets included

Key Benefits

- Bleach cleanable
- Low maintenance
- Supports infection control & hygiene standards
- Scratch, stain & impact resistant
- Durable stainless basin resists corrosion & heavy wear
- Repairable counter for extended product life
- Simple installation & long-term durability
