The Quartz Sink Station combines a Corian® solid surface sink with a Corian® Quartz counter into one seamless surface to create a hygienic, durable and easy to clean solution for demanding restroom environments. The precisely angled basin slope is engineered to minimise splashback. While the acrylic sink and engineered quartz counter deliver superior resistance to chipping, cracking, staining and impacts compared with lower grade polyester blend sinks and natural stone counters.

Nonporous surfaces support rigorous hygiene standards and long-term durability. ADA compliant and fully adaptable by length, number of sinks and color. Ideal for high-traffic restroom applications including airports, healthcare and hospitality.

Key Features

- 100% acrylic solid surface sink
- Engineered quartz counter
- Seamless & nonporous surfaces
- ADA compliant
- Anti-splashback slope
- Range of sink sizes & drain locations
- Pre-drilled fixture locations
- Mounting brackets included
- Optional overflow
- Adaptable lengths & configurations
- Available in all solid surface & quartz colors

Key Benefits

- Bleach cleanable sink
- Low maintenance
- Excellent resistance to scratching, staining & impacts
- Nonporous surfaces support infection control standards
- Repairable solid surface sink for extended product life
- Engineered quartz counter for long term performance
- Simple installation & long-term durability

FUTRUS® QUARTZ SINK STATIONS

INTEGRATED UNDERMOUNT SOLID SURFACE SINK AND ENGINEERED QUARTZ COUNTER

FUTRUS
SOLID SURFACE SOLUTIONS

ANGLE X SERIES

Perfectly angled basin slope minimizes water splash back.
Supports shallow depth counter surfaces.
Available in 4 basin sizes.
Left, right, center drain locations.
Optional overflow.

CUBICA

Large, square basin design.
Supports shallow depth counter surfaces.
Coved edges for easy cleaning.
Left, right, center drain locations.
Optional overflow.

ELIPTA

Large, oval basin design.
Supports shallow depth counter surfaces.
Left, right, center drain locations.
Optional overflow.
