The Sink Station combines sink and counter into one seamless Corian® solid surface, creating a hygienic, durable and easy to clean solution for demanding restroom environments. The basins feature coved corners for improved cleanability and to help prevent debris buildup. While the acrylic surface delivers superior resistance to chipping, cracking, staining and impacts compared with lower-grade polyester blend sinks.

Bleach-cleanable, nonporous surfaces support the highest infection control standards and long-term durability. Available with a removable tamper resistant plumbing enclosure for security and service access. ADA compliant and fully adaptable by length, number of sinks and color. Ideal for high-traffic restroom applications including airports, healthcare and hospitality.

## Key Features

- 100% acrylic solid surface
- Anti-splashback slope
- Seamless & nonporous surfaces
- ADA compliant
- Range of sink sizes & drain locations
- Pre-drilled fixture locations
- Mounting brackets included
- Optional overflow
- Adaptable lengths & configurations
- Available in all solid surface colors

## Key Benefits

- Bleach cleanable
- Low maintenance
- Scratch, stain & impact resistant
- Resists bacterial, mold & virus growth
- Repairable for extended product life
- Supports infection control & hygiene standards
- Simple installation & long-term durability
